Celebrating Faculty Creative Works 2012

Sponsored By: UT Arlington Library & Office of the Provost
Dedication

Celebrating Faculty Creative Works 2012 is dedicated to President James D. Spaniolo for his years of service to UT Arlington. The University would not be on the road to achieving Tier One status without President Spaniolo’s steady guidance and leadership. Everyone associated with Celebrating Faculty Works 2012 extends our sincere thanks and best wishes to President Spaniolo.
The University of Texas at Arlington Library and the Office of the Provost are pleased to host the fourth Celebration of Faculty Creative Works, an exhibition that showcases the articles, books, art, music, media, patents, and conference activities made by UT Arlington faculty in 2012, as well as outside awards and honors received.

The event was initiated by the Library to celebrate the depth and breadth of scholarship and creativity that takes place on campus and to strengthen ties within the campus community. It complements the University’s tradition of sharing information about faculty expertise across disciplines, which is exemplified by the Library-sponsored Focus on Faculty Speakers’ Series that began in 2000. As the intellectual and creative center of campus, the Library is an appropriate partner to promote new information and new knowledge.

As UT Arlington continues on a path to become a national research university, it is critically important that the intellectual and creative accomplishments of our faculty are celebrated. Expanding the boundaries of knowledge is the stock-in-trade of what goes on at a research university. We want to acknowledge the productivity and distinction of our faculty and honor their accomplishments.

We congratulate the individuals whose work is represented in these pages and in the exhibit. The work is diverse, compelling, and groundbreaking.

Ronald L. Elsenbaumer, Provost and Vice President for Academic Affairs
Rebecca Bichel, Dean of the Library
