UNDERGRADUATE RESEARCH OPPORTUNITY PROGRAM
LIROP facilitates undergraduate participation in faculty-mentored research or creative projects. Funding is awarded to students for a semester while they assume apprenticeship with a faculty mentor's research group or conducts independent research under the guidance of a faculty member.

LOUIS STOKES ALLIANCE FOR MINORITY PARTICIPATION (LSAMP)
Since 1993, the University of Texas System Louis Stokes Alliance for Minority Participation (LSAMP) has sought to increase the number of underrepresented minority students pursuing careers in science, technology, engineering, and mathematics (STEM) careers. The three LSAMP programs include the Summer Research Academy (SRA), the Summer Research Academy: Liberal Arts (SRA:LA), and the Summer Research Academy: Liberal Arts (SRA:LA).

UNDERGRADUATE RESEARCH ASSISTANT PROGRAM (UGRAP)
UGRAP allows students to use their federal work-study to work on a research project under the guidance and mentorship of a UTA faculty member. The goal of this initial concept is to help students develop the skills that will be necessary for successful research.
